

## INTERNSHIP REFERENCE LETTER

Mr. **Grover Aruquipa Aruquipa**, from Bolivia, has been employed by our company from March 1, 2020 to August 31, 2020.

Mr. Aruquipa Aruquipa worked as an **intern** in the team "Gas circuit breakers" of the Swiss Power Grids Research center whose field of action included the following tasks:

- Analysis of arcing contact wear of Circuit breakers
- Analysis of experimental data for the estimation of lifetime of power products

By maintaining high standards of quality, Mr. Aruquipa Aruquipa provided good work results. Thanks to his consistent method of working, he completed his tasks. The amount of work produced always met expectations. Thanks to his high aptitude for learning, he was able to familiarize himself with new subjects easily.

Mr. Aruquipa Aruquipa acted independently with much initiative and personal dedication. We appreciated him as an employee with a high degree of commitment and motivation. He was engaged beyond his own area of activity and was willing to perform special tasks. He played an active role in the team, supported team building, and encouraged cooperation. His behavior towards supervisors was at all times impeccable, pleasant and facilitated constructive cooperation. Even under increased demands, he was a reliable employee who thoroughly fulfilled our expectations. Mr. Aruquipa Aruquipa was always helpful, respected the interests and concerns of the team, and willingly performed additional tasks. He was motivated to expand his knowledge and was continuously involved in his development, both personally and professionally.

Mr. Grover Aruquipa Aruquipa is leaving our company due to the completion of his internship. We thank him for his strong commitment and his good work and wish him all the best for his future.
